ADOPTION OF THE ALTERNATIVE THRESHOLD FOR THE MINIMUM PRESCRIBED PUBLIC FLOAT

This announcement is issued by Sands China Ltd. (the "**Company**", together with its subsidiaries, the "**Group**") pursuant to Rule 13.32C of the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited (the "**Stock Exchange**") (the "**Listing Rules**").

Pursuant to Rule 13.32B of the Listing Rules, there must be an open market in the shares listed on the Stock Exchange. This will normally mean that a portion of the class of shares listed on the Stock Exchange and held by the public (as defined under the Listing Rules) (the "**Public**") must, at all times: (1) represent at least 25% of the issuer's total number of issued shares in that class of shares (excluding treasury shares), or any lower minimum percentage of public float prescribed at the time of listing under Rule 8.08(1) of the Listing Rules (the "**Initial Prescribed Threshold**"); or (2) alternatively, (a) have a market value of at least HK$1,000,000,000; and (b) represent at least 10% of an issuer's total number of issued shares in that class of shares (excluding treasury shares) (the "**Alternative Threshold**").

The Company was notified by Las Vegas Sands Corp. ("**LVS**", the controlling shareholder of the Company) on September 1, 2026 (after trading hours) that Venetian Venture Development Intermediate II ("**VVDI (II)**", the immediate controlling shareholder of the Company and an indirect wholly-owned subsidiary of LVS) had, on September 1, 2026, purchased 1,623,200 shares of the Company ("**Shares**") in the open market (the "**Share Purchase**"), which resulted in the percentage of Shares held by the Public to decrease below the Initial Prescribed Threshold.

Based on information available to the Company and to the best knowledge of the directors of the Company, the table below sets out the share ownership composition of the Company immediately after completion of the Share Purchase and as at the date of this announcement (the "**Latest Practicable Date**"):

Name of shareholders	**Number of Shares held**	**% of total number of issued Shares**
Shareholders who are not members of the Public:		
VVDI (II)	6,070,847,874	75.01%
Others	50	0.00%
Shareholders who are members of the Public	2,022,531,642	24.99%
Total	**8,093,379,566**	**100%**

As at the Latest Practicable Date, the market value of the Company's public float (as computed in accordance with Rule 13.32A(3) of the Listing Rules) is HK$30,641,354,376.30, being not less than HK$1,000,000,000, and the percentage of the Company's public float represents approximately 24.99% of the Company's total number of issued shares on the Latest Practicable Date. Accordingly, the Company satisfies the Alternative Threshold under Rule 13.32B(2) of the Listing Rules.

The Company announces that, with effect from the Latest Practicable Date, the Company has changed its reliance from the Initial Prescribed Threshold to the Alternative Threshold for compliance with Rule 13.32B of the Listing Rules, which also allows greater flexibility for the Group in conducting transactions for capital management purposes in the future.

The Company will continue to monitor its public float levels and comply with the relevant disclosure requirements (including under Rule 13.32D of the Listing Rules) as appropriate.

Holders of the Company's securities, potential investors and readers are advised to exercise caution when dealing in securities in the Company.
