QUARTERLY FINANCIAL RESULTS EXTRACTS

Second Quarter Overview

Mr. Robert G. Goldstein, chairman and chief executive officer of LVS, said, “We remain enthusiastic about the opportunity to welcome more guests back to our properties as greater volumes of visitors are eventually able to travel to Macao and Singapore. We also remain deeply committed to supporting our team members and to helping those in need in each of our local communities as they recover from the impact of the COVID-19 pandemic.

We remain confident in the eventual recovery in travel and tourism spending across our markets. Demand for our offerings from customers who have been able to visit remains robust, but pandemic-related travel restrictions in both Macao and Singapore continue to limit visitation and hinder our current financial performance.

Our industry-leading investments in our team members, our communities, and our market-leading integrated resort offerings position us exceedingly well to deliver growth as these travel restrictions eventually subside and the recovery comes to fruition. We are fortunate that our financial strength supports our investment and capital expenditure programs in both Macao and Singapore, as well as our pursuit of growth opportunities in new markets.”
